

Body Flair News

Well welcome to our all new Body Flair newsletter, the very first one. It will have everything that you expect, as in great news and great offers too.

What an exciting time it is and has been, at times it has been too good to be true and all of a dream, but also everything that I could have wished for too. I'm sure you will love the new salon as it really is a step up from Natural Beauty Salon.

I would like to thank all of my clients, those who are following and also those who have been very honest enough to say that they will be unable to follow for one reason or another. I really do appreciate your honesty and thank you all so much for you loyalty, support and custom over the 5 1/2 year of being based in Quedgeley, Natural beauty Salon would not have been the same without all of you.

I have to say that I have been completely overwhelmed with the positive response and support from you all, and have been totally shocked by the amount of you who are following us even for very small appointments, I really didn't expect that at all, and I guess it shows the level of service we offer you that you have come to know and love, with that in mind I would like to sincerely thank each and everyone who is following us and has shown support for me and my business and I look forward to sharing the growth and many possibilities with you. I do have a lot of new ideas that I'm sure you would love to be a part of and experience, and I cant wait to share them with you. So on that note I will get on and share a bit of info with you, best regards *Davina*

Why Change the Name

One of the questions that has popped up on a regular basis is Why change the name?

Well back in the very beginning when I named the salon Natural Beauty Salon, I found out after that event that there are a few Natural Beauty Salons dotted about the UK and over seas too, so I always knew that I would re-brand at some point. So.. with the move, it's just a great opportunity to tie it all in together.

The new name is a way of bringing in and recognising that we are all about Total Body Well-being, and with the new treatments that I have planned you will understand the need to brake away from the old name.

I aim to be more of a luxury salon with luxury/spa treatments, and I look forward to bringing you some very exciting things in the near future.

New Web Site will be up and running soon!

You can access info still from the old one

Message From Laura

Laura would like to thank those people who were very kind and bought her a lovely gift for either the baby or herself. She will get round to thanking each of you personally but for now would like to say 'thank you'!

Germaine De Capuccini

Germaine De Capuccini has produced a lovely retail price list, listing all of their fantastic products, from face, body and sun care.

We have always sold our products less than the RRP so the prices may confuse some of you. Also we sell things at a price that I am happy to sell at and this is different from product to product, basically I look at the price and take off a few pounds and round the price down.

So to make life easier all round I have decided that from June 1st we will be selling all Germaine De Capuccini Products at 10% reduction on the RRP

For some products this is slightly more of a reduction, however on others the cost will be a little more than you currently pay, this balances out though as being a percentage the more you pay the more reduction so the cleansers are slightly more for you, yet the moisturizers and serums are less than you currently pay.

I hope that all makes sense.

Happy Birthday

If it's your birthday this month

I do hope you have a great one

Don't forget if you are stuck with things to get you we can put a gift voucher together that you / they will just love!

Micro-Dermabrasion

Who wants the most gorgeous skin that your friends will envy? Have More Youthful Skin That Glows Like J-Lo's!

When your teeth need cleaning, you go to a dentist. When your carpets are dirty, you have them cleaned. When your car is dirty, it gets washed.

What about your skin?

Daily use of sun block, moisturisers and make-up can easily clog your skin. Twice a day we cleanse and exfoliate this will all help your skin topically be cleaned, but what about deep cleansing inside the pores and follicles?

If skin was completely flat it would be just fine so scrub it... but it's not. The skin has pores and follicles that need regularly cleaned. Dirty, blocked skin is characterised by blackheads, congestion and blemishes.

To vacuum the skin would be an ideal way of ensuring it is deeply cleaned and decongested. We don't sweep carpets we vacuum them, it should be the same way for our skin.

Pores and follicles need to be cleaned from the inside. Micro-dermabrasion effectively vacuums the skin to deeply clean it. Our system exfoliates the skin with diamonds while simultaneously vacuuming it. It's a lot like getting your carpets professionally cleaned.

Micro-dermabrasion is designed to slough off dead skin cells and rejuvenate the skin stimulation new collagen and elastin production, while ridding the skin of toxins.

Micro-dermabrasion is best suited for all skin types but most beneficial in clients suffering from acne, dull and lifeless skin, pigmentation, scarring, blackheads and fine lines.
